

Grow with Google™ and Digital Strike
8793 Big Bend Blvd, St. Louis, 63119

FOR STUDENTS

Not everyone wants to pursue college—and that's okay! There are plenty of well-paying jobs that don't require a college degree; you just have to know where to look. If you're thinking of a different career path, Digital Strike's "Grow with Google" initiative can help. This program offers six-month career courses that prepare you to enter high-demand fields as soon as you earn your certification. The best part? No prior experience is needed—just a passionate desire to learn and grow! Graduates of this program have earned salaries upwards of **\$75,000 a year**.

The best *best* part? You could take these courses for free if you apply to Digital Strike's GROWTH Initiative. We're sponsoring 20 students from the St. Louis area, and you could be one of them! If selected, **Digital Strike will not only pay for your course fees but will also pay for a new laptop that you can use on your education journey.**

If you are a St. Louis resident, all you have to do to apply is complete a brief online application that tells us a bit about yourself and why you deserve this award. It's that easy to get started on growing your future career opportunities!
